“

Since joining the hospice, I've seen firsthand the value and importance of its services. It's inspired me to fundraise myself to enable the hospice to continue its work. Fundraising for the hospice means we can provide people with specialist palliative and end of life care so that they can live as well as possible. It also means we can support people to enjoy movie nights with family, trips to the seaside and make special memories with the people closest to them. Thank you for your support.

Because you care, we can.

Our local community plays a huge part in helping us raise the £3.5 million we need every year. The money you raise from your Bake Sale will help us to continue to provide care and support for the people of Barnsley when they need us most.

It's great to hear about your fundraising efforts beforehand, as our fundraising team can offer advice and support in the run-up. As well as our fundraising packs, we can also provide banners, balloons and collection buckets. We're here to help you raise as much money as possible!
